The country from where you are ordering from will determine the shipping rate and tax applied to the order. There are three possible scenarios which are shown below (UK, EC, Outside EC). Please select the one which applies to you, completing the Quantity, Sub Total and Total columns. The single amount in the Total column represents the order total cost which you should enter on your cheque or which will be charged to your card.

**i-Slave prices including shipping rates and taxes where applicable**
